Hope Space - Children's grief support service We support children and young people from Galway city and county who have been negatively impacted by the loss of a loved one. We provide a free one-to-one listening service for grieving children (aged 4-17 years), in a confidential, warm, caring and supportive environment in our Centre in Galway City. A trained volunteer helps children address their emotions around grief, helping them to understand that grief is a normal reaction to loss and all their emotions are normal.
